SPONSORSHIP REGISTRATION FORM

Hunger is a community crisis in southeastern North Carolina. High unemployment in conjunction with rising costs across the board is making it increasingly difficult for low-income residents to make ends meet. Faced with difficult choices between paying for food, rent, utilities or medicine, many limit their food purchases. Consequently, they experience periods of hunger or purchase cheaper, lower quality foods that increase the risks of malnutrition and obesity.

We believe that engaging our community in the fight to end hunger will lead to viable solutions for our neighbors.
